Colles' Fracture (Distal Radius Fracture or Broken ... - WebMD A Colles' fracture -- or distal radius fracture -- is often called a "broken wrist." Technically, it's a break in the larger of the two bones in your forearm. Tibia Fracture: Treatment, Recovery, and More - Healthline Depending on the type of tibia fracture you have, your doctor may recommend surgery. Recovery time also depends on how bad the fracture is and can take from four to six months to heal. Fracture - Official Site Fracture is a carbon-neutral company that is always on the lookout for innovative ways to protect our planet from the impact of waste and disposable products. From glass to production to packaging, we're committed to a small footprint.

Fracture of Time | Superhero Fanon Wiki | FANDOM powered ... This article, Fracture of Time, was written by Adamantium93. Please do not edit this fiction without the writer's permission. Please do not edit this fiction without the writer's permission. This is still under construction. Compression Fracture - Symptoms, Causes and Spinal ... The most common type of compression fracture is a wedge fracture, in which the front of the vertebral body collapses but the back does not, meaning that the bone assumes a wedge shape. Sometimes, more than one vertebra fractures, a condition called multiple compression fractures. Fifth Metatarsal Fracture Surgery - AOFAS The base of the fifth metatarsal is divided into three fracture zones. Zone 1 fractures are avulsion or "chip" fractures that occur at the tip of the base of the fifth metatarsal. These fractures are typically treated without surgery using a cast, boot or hard-soled shoe. These fractures tend to heal within six to eight weeks.

Fractured Humerus. Upper Arm Bone Breaks and treatment ... Fractures of the humerus are common and may result from injury. However, they are also associated with pathological fractures and osteoporosis, particularly in the elderly. The humeral head articulates with the glenoid fossa of the scapula. The anatomical neck separates the greater and lesser.
